SOCCERBEE
TEAM MANAGEMENT
SOLUTION

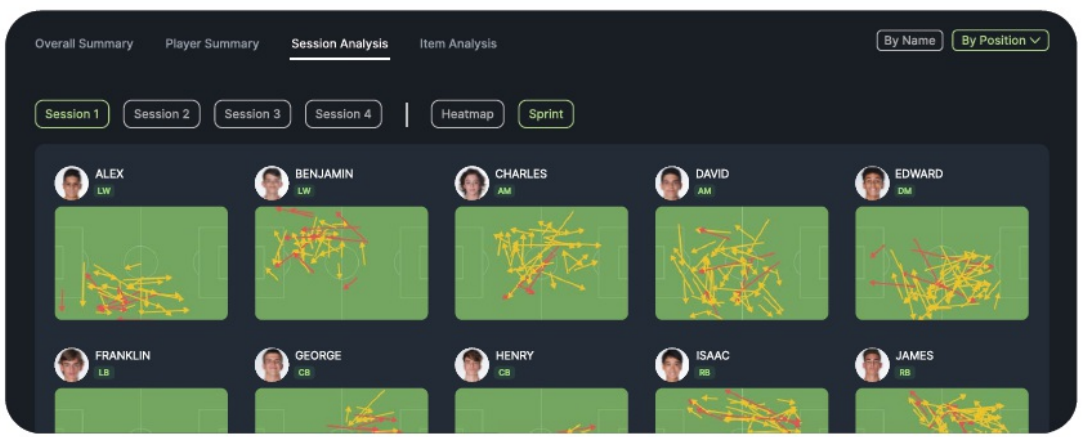
View players' physical data at a glance and compare them by category

Sort and compare 19+ advanced analytical metrics, including total distance, DPM(Distance Per Minute), average speed, top speed, and more from highest to lowest.

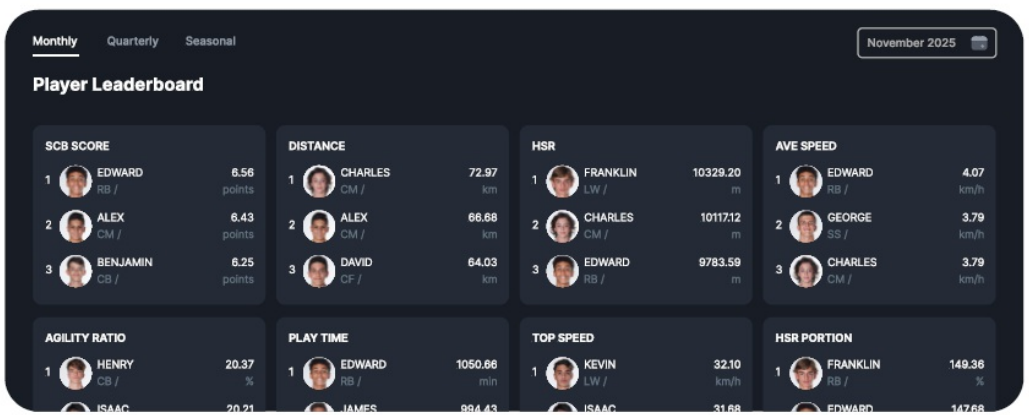


Use heatmaps and sprint data from each session to analyze players' main activity zones and sprint details.

SOCCERBEE
TEAM MANAGEMENT
SOLUTION

Review your team's total data monthly, quarterly and seasonally

Monitor trends in your team's match and training analysis to oversee performance and growth.



Quickly spot players with exceptional energy levels on a monthly, quarterly and seasonal basis.

SOCCERBEE
TEAM MANAGEMENT
SOLUTION

Just a few clicks, it's all it takes

Forget about managing GPS trackers,
With just a few clicks, you can easily import data
from your players' GPS trackers to a tablet PC or laptop.

COACH

NOTE Each player must be assigned one GPS tracker. A GPS tracker cannot be used by more than one player simultaneously.

SOCCERBEE
TEAM MANAGEMENT
SOLUTION

All of these features are offered at an incredibly affordable rate of just USD 3.3 per player per month

※ Software subscription fee based on a team with 30 players

Q **Considering using GPS to enhance the growth of your team and players?**

SOCCERBEE is a GPS solution trusted by over 50K users and more than 200 elite teams worldwide for its data accuracy and practical applications.

FIFA BASIC

Q **Worried about assigning a coach to handle data analysis and equipment management?**

SOCCERBEE eliminates the need for dedicated specialists like physical coaches or performance analysts. Players have ownership of their data and can record and manage it themselves, while coaches and managers can analyze and review all data through a PC.

Q **Looking for a cost-effective GPS solution that fits your team's budget?**

SOCCERBEE provides the most cost-effective service that won't burden team operations and budgets. Unlike other GPS solutions that require high annual cost of USD 15K~20K, it allows team analysis and management for less than USD 10 per player per month.
